COMPONENTS OF THE RELAX DIGITALE ELECTRIC BOILER

1. Welded carbon steel body
2. Working pressure 4BARS
3. Incoloy immersion heaters
4. 240V 1phase or 415V 3phase
5. Limit thermostat set at 95°C
6. 2-stage digital controls
7. Digital controller & sensors
8. Maximum working temperature 90°C
9. Metal casing with insulation
10. Remote enable and lockout signal
